

In an agreement with Wade Electric Corporation, Cobb EMC refers Wade Electric to perform electric service installation and repair work in homes or businesses, as well as subdivision tennis courts and swimming pools.

With this agreement, Cobb EMC customers are given priority service by one of the area's most recognized and reliable electric contractors.

Cobb Electric Membership Corporation is an electric membership cooperative serving over 185,000 residential and commercial customers in Cobb, Cherokee, Paulding, Bartow and Fulton counties, and serves over 3,000 customers in Randolph, Calhoun, Quitman, and Clay counties. Cobb Energy provides diversified energy-related and non-energy-related products and services to residential, commercial customers.

Formed in 1938, Cobb Electric Membership Corporation (Cobb EMC) started as an electric utility with 489 residential members and 14 commercial accounts. With over 188,000 members and growing, Cobb EMC is one of the largest of Georgia's 42 EMCs and one of the largest of the nation's over 900 EMCs.

Cobb Energy Management Corporation (Cobb Energy), located in Marietta, Georgia, is an affiliate of Cobb Electric Membership Corporation. Cobb Energy offers many residential and commercial products such as Cobb EMC electric energy, telecommunication, surge protection, security, outdoor site lighting, pest control, interior wires and pipes repair coverage, tree services, mortgage service, energy efficient home improvement loans and a health discount card.
